Dear pet owners

Animals have always been a way of life for me. When I was nine years old, I participated in 4-H obedience competitions with a boxer, Duke. I have been grooming and working with dogs professionally for over ten years, including seven years on Beaver Island during the summers. I have another grooming business in Ionia, Michigan. Not surprisingly, my family is very animal oriented. Most of our dogs and cats have been rescued and have become part of a very large family.

In 2009, we decided to become year-round residents of Beaver Island. After many years of people asking if we can board their animals, I am proud to say that we can.

Andy's Grooming and Boarding Barn is located on a 60-acre horse farm, about two miles from the Beaver Island Boat Company. We have carefully designed and selected materials for our kennels to suit the needs of your dog or cat. In particular, we have purchased santi-kennels from the Mason Kennel Company. These kennels feature privacy walls which will help your pet feel safe and secure.

I hope that your pet's visit to my farm will be as comfortable and relaxing as your visit to Beaver island.

Sincerely,

Andy Kohls
